About Us

ReleasePR is a global press release company, trusted by startups, enterprises, agencies, and entrepreneurs to get maximum media coverage at the quickest and affordable price.

We have a team of experts that includes experienced PR writers, SEO specialists, and Media Distribution Experts to tailor your brand voice in various media outlets. We help brands not just to get published but ensure they are noticed in today's noisy media landscape.

ReleasePR strategically distributes your news across trusted financial and media touchpoints, such as

- 1 Leading online financial databases and aggregators
- 2 Influential financial institutions and investor networks
- 3 Major news outlets and online media directories
- 4 Prominent social media platforms and trading communities
- 5 Niche and industry-specific distribution circuits
- 6 Hundreds of media channels—ranging from newspapers and TV to radio and digital portals

Authentic Verified Distribution

Our distribution lists are built with purpose, not padding. Unlike bloated lists filled with irrelevant or inactive outlets, ours are carefully curated to include only active, trusted, and results-driven media channels.

We believe in full transparency—so what you see is exactly what you get: clear, authentic, and effective reach. No guesswork. No artificial fillers. Just real coverage where it counts. That's how we raise the bar—and help you earn visibility you can trust.
